# 1. OSINT – Mr. Blue Sky

The link directs to <https://bsky.app/profile/mrbluesky1989.bsky.social>. When I checked the profile, there is only one post.

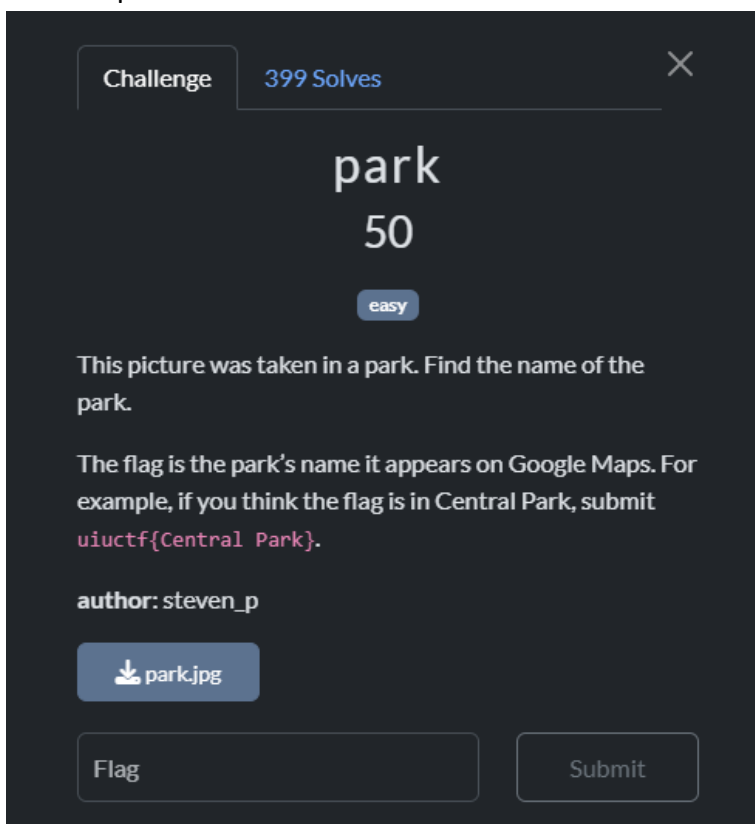

So I check the followers (it was around 32 when I do this challenge). I found an interesting accounts: g3r4rdop, where in this account's following, another account named birdwatching1290 have the flag on the bio.

## 2. OSINT – park

This OSINT challenge is a GEOSINT challenge, so I downloaded the picture and use google image search to find the possible matches.

(Left is park.jpg, and right is the google image search). It seems like the park is located in Tegnergatan, Stockholm, Sweden. To verify, I clicked the google maps to show the location and eventually get the park name.

The nearest park is named Tegnerlunden.
